TTM Social Work Service
for Pre-Primary Institutions

About the Agency

Since launching our pre-school education service in 1960, the Tsung Tsin Mission of Hong Kong Social Service has, in response to changing social demands, introduced services in school social work, clinical psychology, educational psychology, and counselling. Services for families, youth and elderly have also been set up, along with social enterprises.

About the Service

To facilitate the holistic development of young children, since 2002 the Agency has been providing school social work services to nursery schools and kindergartens. By working with parents and schools, we strive to build a nourishing environment for pre-school children.

In February 2019, The Agency was appointed by the Social Welfare Department as a service operator in the "Pilot Scheme on Social Work Service for Pre-primary Institutions (Phase 1)", providing professional on-site social workers to 14 local nursery schools and kindergartens.

Service Belief
